

The Stapley Trust requires that all applicants hold the equivalent of a UK Bachelor's or Master's degree, which is the equivalent of a UK upper 2i (65 percent or above). This list indicates the UK equivalency of many first degrees typically awarded by overseas universities. You should seek, in the first instance, a letter from your UK university confirming that your overseas degree is equal to at least a UK 2i or a UK Master's. In cases where university cannot provide it, we use this table to see if your degree meets our eligibility requirements.
